# MANGUARDING SERVICES

Delivering Excellence in Security, Technology & Trust

## SPECIALIZED GUARDING

### Elevating the Customer Experience

A CISS Guard represents your first opportunity to create a lasting, positive impression. Our professionals set the industry benchmark, remaining proactive, alert, and courteous to ensure a secure yet welcoming environment.

## EVENT SECURITY & EXECUTIVE PROTECTION

### Dignity and Discretion

We deliver seamless security experiences through proactive planning & reliable execution. Our approach ensures prevention-first strategies, rapid response, & strict confidentiality for high-profile individuals and large-scale events.

## BACKGROUND VERIFICATION (BGV)

### Building Trust and Integrity

Our Background Verification services protect your organization by validating identity, credentials, employment history, and legal records, ensuring compliance, safety, & data-driven trust for confident, risk-free hiring decisions.

## AMS INTELLIGENT FIELD FORCE MANAGEMENT

### Data-Driven Efficiency

The CISS-AMS Application enhances field productivity through automation & location intelligence. By combining spatial data with real-time insights, we bring complete transparency & control across field operations, from staffing to service delivery.

## EVENT SECURITY & EXECUTIVE PROTECTION

### Dignity and Discretion

We have redefined guard management by integrating field operations with advanced digital workflows. This technology-first approach ensures transparency, compliance & robust protection of both physical & digital assets.

## PARKING/STACK PARKING ACCESS & MNGT. SOLUTIONS

### Elevating the Customer Experience

CISS provides smart parking and stack parking solutions with trained personnel for access control, ticketing, traffic management, parking allocation, valet services, parking apps, license plate detection, and guidance systems.

# PROPERTY MANAGEMENT SOLUTIONS

## INTEGRATED SECURITY AND REMOTE MONITORING

CISS delivers integrated security solutions that protect assets, people and infrastructure across PAN India. Combining advanced technology, skilled manpower, and precise project execution, we provide reliable, customized security and facility management solutions for complex, high-stakes business environments.

## FACILITY MANAGEMENT

CISS provides sustainable facility solutions spanning hygiene, engineering, and operational excellence. From soft services and infrastructure maintenance to specialized operations management, our tailored approach enhances workplace efficiency while aligning seamlessly with your organizational culture and long-term vision.

## INTEGRATION SERVICES: MAN & TECHNOLOGY

CISS's ManTech approach combines human intelligence with advanced technology to deliver turnkey security solutions. By integrating elite guarding services with electronic systems and smart surveillance, we create robust, end-to-end protection for modern enterprises.

## **STRATEGIC SECURITY PARTNERSHIPS**

Through strategic partnerships with leading OEMs, CISS delivers advanced security and surveillance technologies tailored to enterprise needs. Our integrated, customized solutions combine innovation and expertise to ensure optimal protection through a strong collaborative technology ecosystem.

## **DRONE-ENABLED SOLUTIONS: AERIAL INTELLIGENCE**

CISS provides sustainable facility solutions spanning hygiene, engineering, and operational excellence. From soft services and infrastructure maintenance to specialized operations management, our tailored approach enhances workplace efficiency while aligning seamlessly with your organizational culture and long-term vision.

## **STRATEGIC LOSS PREVENTION: PROTECTING THE BOTTOM LINE**

CISS helps organizations proactively reduce shrinkage and operational losses through expert risk advisory and preventive strategies. Using decades of field intelligence, we identify hidden vulnerabilities early and implement measures that protect profitability and business continuity.

# TRAINING

## 1. CISS ACADEMY FOR SKILL & HUMAN DEVELOPMENT

We are redefining the standard of security personnel in India. Through the CISS Academy, fully accredited by the Sector Skill Council (MEPSC) and PSARA (2005). We deliver transformational training that moves beyond basic guarding to cultivate highly capable, technology-literate professionals.

### OUR TRANSFORMATIONAL TRAINING MODEL

Holistic  
Conditioning

Soft Skills  
and EQ

Elite  
Instruction

Experiential  
Cadet-Centric  
Learning

Constant Improvement  
Performance  
Improvement (CIPI)

## 2. DGCA-APPROVED DRONE TRAINING

In collaboration with Dronum India Aviations, CISS operates as a premier Remote Pilot Training Organisation (RPTO). We provide DGCA-compliant training programs that empower aspiring pilots with hands-on experience and industry relevant skills. Beyond training, we deploy advanced unmanned aerial technology for surveillance, mapping, agriculture, and industrial inspections- delivering innovation, safety, and operational efficiency.

## COMPREHENSIVE CERTIFICATION PROGRAMS

Small Class  
RPC

Medium  
Class RPC

Dual  
Certification

Custom  
Industrial  
Training

Technical &  
Specialized  
Courses

### 3. FIRE SAFETY & EMERGENCY RESPONSE

Through the CISS Skill Academy, our security personnel are trained to be more than just observers, they are certified first responders.

We ensure our teams are highly competent in fire-fighting, first aid, and critical incident management, safeguarding your people and property when seconds count.

### 4. DISASTER MANAGEMENT

CISS personnel are trained to protect human life and maintain order during critical emergencies.

We ensure our teams are highly competent in fire-fighting, first aid & critical incident management, safeguarding your people and property when seconds count.
